

(Clad From Hon. Jos. L. Keitt.
Editor of The Herald and News.

In your issue of today you publish Gov. Blease's tirade of fault finding against everybody except himself, and those who can still obtain their own consent to vote for him. I will take notice of only two points.

Without the least solicitation or desire on my part I was elected county chairman I appreciate the honor and will endeavor to give full and impartial service. I regard the statement that the county convention was "packed," if I understand the meaning of the word, as utterly silly. The convention was overwhelmingly anti-Blease from the county clubs, and Gov. Blease himself is responsible for raising the issue. Under the circumstance, if the people of Newberry should prefer a populists or republican to Blease they should not be censured, the blame should attach to him.

The assertion that years ago I left the Democratic party, and became he leader of the populists in this State and was a candidate for office on the populist ticket is an error. I have never been a member of any political party except the democratic party. I have voted in every primary election of the democratic party that has been held in the State, and have almost continuously represented my club on the executive committee.

Years ago when the low price of cotton was driving our farmers almost to despair I took an active part in the farmers alliance—I did my utmost to contribute to our relief—I was a member of the State convention that sent delegates to the National convention at Chicago.

The State convention adopted the following resolutions:

"We see with displeasure and apprehension that the money changers of wall street have invaded the sacred temple of democracy." * * "We assert that Grover Cleveland does not represent the principles of democracy as taught by our forefathers, and as we understand them. We shall look upon the nomination of Ex-President Cleveland if forced upon our party by the Chicago convention as a prostitution of the principles of democracy, as a repudiation of the demands of the farmers alliance and a surrender of the rights of the people to the financial kings of the country." When Cleveland received the nomination I refused to support him and with others organized an electoral ticket for Weaver and Field who truly represented the farmers alliance and the democracy of South Carolina.

My name was on the ticket.

The executive committee of Newberry county considered the status of those who opposed Cleveland with respect to the primary and this resolution was adopted by a vote of 15 to 5:

Resolved, That any white man who subscribes to the constitution of the democratic party and signs a club roll be entitled to vote in the primary to be held on the 29th June, 1893—Gov Blease was one of the fifteen—A short time afterwards I was elected in the democratic primary convention as a member of the constitutional convention. And now it appears remarkable that Mr. Blease should then have submitted to such a heinous offense without saying a word against it.

Cotton Blooms.

Friday's paper mentioned two cotton blooms that had been sent in. After the issue of that paper another bloom was received at this office, sent in Friday afternoon from Henderson Bros., Blairs, handed them by one of their customers, Mr. J. Rube Thomas, of Shelton.
